

MODULAR JACK

Raxxes™ Category 6 modular jacks MKJ6-version 3 delivers unmatched component performance, a leader in the structured cabling industry with ETL tested Category 6 component compliant, modular jack. The MKJ6-v3 has also undergone extreme DTE Power testing to 4x the standard handling continuous DTE power, exceeding the IEEE 802.3af standard without failure or any substantial increase in temperature. The MKJ6-v3 supports network convergence protocols by delivering maximum bandwidth and extended reliability for all LAN, multimedia and PoE (Power over Ethernet) applications. The termination process combined with the exclusive punch tool delivers one of the fastest termination in the structured cabling industry. The innovative combination reduces termination time by 30% and provides a consistent termination every time. The MKJ6-v3 easily installs into all Raxxes™ products, including rear-loading plates, front-loading modules and frames. The MKJ6-v3 jack can be used in multimedia configurations with customizing all workstations, consolidation points and telecommunication closets. This jack is suited for vertical termination ideal for patch panel .

Ordering Information:

Part Number	Color	Description	Packaging
MKJ6-v3-RD	Red (RD)	Raxxes Cat 6 Modular Jack	1 piece per package
MKJ6-v3-YL	Yellow (YL)	Raxxes Cat 6 Modular Jack	1 piece per package
MKJ6-v3-BU	Blue (BU)	Raxxes Cat 6 Modular Jack	1 piece per package
MKJ6-v3-GR	Green (GR)	Raxxes Cat 6 Modular Jack	1 piece per package
MKJ6-v3-BL	Black (BL)	Raxxes Cat 6 Modular Jack	1 piece per package
MKJ6-v3-WH	White (WH)	Raxxes Cat 6 Modular Jack	1 piece per package
